

SHAPING  
**A BRIGHT  
FUTURE.**

**COLLEGE OF DENTAL SCIENCE & HOSPITAL**  
RAU, INDORE.

Dear students,

You are an indomitable force, an invaluable resource. You have the capability to create your own future. All you need is a strong will to succeed and an able guide to lead you to the right path.

At CDSH, we help you understand and achieve your fullest potential. We groom and nurture you in a way that you become fully ready to face the challenges of the dynamic professional world and advance confidently on the path to success. Here, you would be transformed into an individual who contributes to making the world a healthier and happier place.

Come, embark on a journey that will lead you to a bright career in dentistry - one of the oldest and most respected medical professions. We look forward to having you as a student on our campus.

Best wishes,

**Mr. Shreejeet Jhaver**

**Director**

The College of Dental Science & Hospital (CDSH) is an icon of excellence in dental education. Since its inception in 1999, it has been producing top-notch dental professionals, bringing smiles of health and happiness to people's lives through their knowledge, skills and expertise.

What sets CDSH apart is the convergence of academics, research and patient care. CDSH is committed to providing the best of dental education to students through its highly experienced faculty team and illustrious infrastructure. To stay in step with the times and also be prepared for the future challenges CDSH supports and promotes research activities in dental health. It has developed a center for research, professional development and healthcare services. CDSH also possesses a state-of-the-art dental hospital facility where patients can avail top-quality treatment for their dental problems.

CDSH offers an undergraduate competency-based dental Course, **Bachelor of Dental Surgery (BDS) including One Year Internship** Period and **Three year Post Graduate Course, Master of Dental Surgery (MDS)**. Become a part of CDSH for a holistic learning experience, the knowledge gained here will lay the foundation of a rewarding career in the field of dentistry.

Do visit our website [www.cdsh.in](http://www.cdsh.in) for glimpses of life at CDSH.

**Dr. Amit Nirwan**

# FOCUS ON YOUR DREAM

**Strive not to be a success, but rather to be of value.**

**OUR VISION** - The vision of this College is to weave a tapestry of professional excellence and to provide world-class high quality Dental education to the students of BDS and MDS and thereby help deliver the highest quality of Dental care not only to fellow citizens but to the world as a whole and also to provide comprehensive primary and specialized oral health care to people.

**OUR MISSION** - Our supreme goal is to bridge the existing pool of Dental and Medical Knowledge with an intention to promote health care. Combining our extensive clinical experience with the most refined teaching methods, this Institute provides a firm foundation for students aiming for dentistry.

## COLLEGE OF DENTAL SCIENCE AND HOSPITAL – RAU

### FACILITIES

---

**TRANSPORTATION FACILITY:** College of Dental Science and Hospital has arrangements for transportation facilities for its students through buses, separate vans for different routes and other transportation means that make sure students are on schedule.

**HOSTEL FACILITIES:** Contemplating our student's security, the college has developed separate hostels for boys and girls with all essential amenities including Dining Hall, Canteen, round the clock Coffee/Tea facility, Indoor/Outdoor games etc. Presently, 150 students are residing in the campus hostel.

**E-LIBRARY:** Along with the traditional library for educational research, our Institution has come up with an E-library fully-equipped with numerous books including 40 International medical journals in Print Subscription and more than 250 journals in Online Subscription.

**WI-FI ZONE:** Since internet has become one of the vital necessities of today's generation, College of Dental Science and Hospital has Wi-Fi zone all over its campus to ease student's access to the internet.

**ANNUAL FUNCTIONS:** Every year, to multiply student's enthusiasm to study better our College organizes annual functions in which the winners of competitions throughout the year are awarded and also different co-curricular activities are held.

**OUTDOOR ACTIVITY:** "All work and no play make Jack a dull boy". We understand the importance of games and sports for a healthy life, and thus, our College indulges itself in games activities at the Inter-Collegiate or house level from time-to-time.

**AUDITORIUM:** 4500 Sq. Ft. area with a 350 people seating capacity.

## ASSOCIATION WITH

For providing Medical Theory and Practical classes to the students, our Institute is attached with one of the best Multi-disciplinary Hospital named Choitram Hospital and Research Centre, Indore, which provides firm and trustworthy health facilities in the city.

## ANTI-RAGGING ZONE

College of Dental Science and Hospital, has strict rules prohibiting ragging and ensures zero tolerance towards students found involved in such activities.

## WE STRIVE TO

We strive to give our best efforts to prepare our students for their professional front in today's dynamic and flexible world. Since we support 60 seats in a batch, we are able to concentrate in providing personalized quality education to our students.

College of Dental Science and Hospital, has always worked upfront to bring the utmost from their students. From traditional to advanced, we provide you with the best of all the techniques, to create a better clan of dentists in our nation. College of Dental Science and Hospital, endeavors to provide its students

with our expertise faculty team and advanced teaching equipments. We invite you to visit our campus for an experience different to others.

# DETERMINED TO BE BETTER.

PHARMACOLOGY

GENERAL SURGERY

Our college has been successfully running 15 departments which strive to provide their students practical and theoretical knowledge.

## JOIN US ON OUR EXPEDITION TO A BETTER FUTURE!

At College of Dental Science and Hospital we set ambitious goals for our students.

Our mission is nothing less than to shape the future of our students. We'll do so through scholarship and other criteria, the foundations of our educational programme. College pays equal effort to ably impart complete practical knowledge to students and prepare them for a better future as a dentist ahead. Distinct labs for subjects like Oral Medicine & Radiology, Pedodontics, Prosthodontics, Periodontics, Oral and Maxillofacial Surgery etc. have been developed for students to ensure better understandability of their interests. Our college believes in:

**“A healthy mind rests in a sound stomach”**

Thus, a healthy canteen nourishing their hunger in a healthy manner, is constructed in our campus. Also, a separate transportation facility has been provided to the students, who arrive and depart directly to their destination. College of Dental Science and Hospital has always tried its best to balance their student's with the activeness of their body. Thus, a large sports area has also been developed in the campus, where the students rebuild themselves and get ready for the

future. A number of discrete competitions are held on Inter-Collegiate or house level to ensure total entertainment for our students.

**“Our college is running regular checkup camps at various rural areas, villages, schools within a radius of 100 km”**

Along with this, we have a well-built Auditorium in which different workshops and seminars are being held and students get to understand their subjects more thoroughly. Our utmost effort at College of Dental Science and Hospital, serves the saying: Infinite possibilities lies in the hands of those who, believe in opportunities. So, grab your opportunity and place a step forward to be a dentist. We look forward to having you as our student.

# TECHNOLOGY

At our college, education goes beyond textbooks. Our renowned faculty, with years of expertise, are dedicated to shaping students into professionals who stand out. With advanced learning methodologies, real-world case studies, and one-on-one mentorship, we ensure our students don't just learn—they master their craft. We provide a Cutting-Edge Clinical Training. A dentist's confidence comes from hands-on experience. That's why we provide access to state-of-the-art dental technology, modern labs, and research-driven clinical training. From digital dentistry to advanced prosthetics, our students are trained in the latest innovations—preparing them for a future where technology and skill go hand in hand.

# ECHOES OF EXCELLENCE

## Dr. Chandresh Shukla

BDS Batch : 2001–2002

M.P. State DCI- President

I am the President of Madhya Pradesh State Dental Council. Member, Dental Council of India and currently a Professor at Department of Orthodontics at People's College of Dental Sciences and Research Centre, Bhopal. My journey in dentistry began at the College of Dental Science and Hospital, Rau, a place that not only built the foundation of my career but also gifted me memories to cherish for a lifetime. Set amidst serene greenery, CDSH offered an atmosphere perfect for focused learning, complemented by a rich clinical experience with abundant OPDs. From attending morning lectures to actively participating in cultural events, every aspect of college life shaped both my personal and professional growth. What sets CDSH apart is its unwavering commitment to nurturing excellence. The extensive patient exposure ensures every student gets hands-on clinical learning. More importantly, the teacher-student bond at CDSH fosters a deep understanding of the subject, instilling confidence and compassion in future dentists. Message to Future Students : CDSH is not just a college—it's a launchpad. Here, you don't just study dentistry; you learn to live it. Embrace every opportunity, learn from your mentors, and let this institution shape the best version of you.

## Dr. Anurag Bhargava

BDS Batch: 1999–2000

Member of International Congress of Oral Implantologists, USA  
Diplomate – WCOI, Japan  
Director V-One Hospital, Indore

My journey in dentistry began within the corridors and clinics of the College of Dental Science and Hospital, Indore—a place that laid the foundation for who I am today, both as a clinician and a person. From late-night study sessions and first patient encounters to the thrill of my earliest surgeries, every experience at CDSH helped shape not just my skills, but my mindset. The friendships we built in clinics and operation theaters, the laughter after tough cases, and the unwavering teamwork made this journey unforgettable. We learned not just dentistry, but resilience, compassion, and the true spirit of lifelong learning. Today, I serve as the Director & Consultant Craniomaxillofacial Surgeon at V-One Hospital, Indore and have the honor of leading as the Course Director for the Fellowship in Cranio-Maxillofacial Trauma by AOMSI. One of the proudest moments of my journey was being part of a GUINNESS WORLD RECORD in Dentium Smile Saga 2024, where I mentored over 1100 dentists in implantology and sinus lift techniques. I was also humbled to be recognized as the "Most Creative Dentist" by IDA, Indore. My message to future dentists: This profession is more than science—it's a beautiful blend of precision, creativity, and compassion. The journey is demanding, but the lives you touch make every challenge worthwhile. Stay grounded, stay curious, and always honour the trust your patients place in your hands.

## Dr. Michael Pragasam

BDS Batch : 1999-2000

HOD Dept. of Oral Surgeon  
MDCRC, Indore

I am currently serving as Professor and Head of the Department of Oral Surgery at Modern Dental College, Indore, and also practice clinically as the Director of St. Patrick's Dental Clinic, Indore. I began my journey in dentistry at the College of Dental Science and Hospital, Indore, where I completed my BDS. The strong academic environment, clinical exposure, and mentorship at CDSH were instrumental in shaping my skills, confidence, and professional direction. It provided me with a solid foundation that continues to support my growth to this day. After completing my MDS from Balaji Dental College, Chennai, I have spent over 17 years in academics, mentoring UG and PG students. I've had the opportunity to present and publish on national and international platforms and currently serve as an examiner for various universities across Gujarat, Maharashtra, and Madhya Pradesh.

**Dr. Anjali  
Shrivastava Vats**  
BDS Batch : 2002–2003

I am a Professor, teaching undergraduates in the Department of Conservative Dentistry and Endodontics at Gian Sagar Dental College and Hospital, Rajpura, Patiala, Punjab. With a strong foundation in Endodontics, I've conducted several hands-on courses on Rotary Endodontics, Dental Loupes & Microscopy, and Endodontic Retreatment. Looking back, CDSH wasn't just where I studied—it's where I became a dentist. It gave me lifelong friendships, unforgettable hostel memories, and a platform to grow into a confident professional. From cultural fests to clinical marathons, every moment at CDSH shaped who I am today. This college helped me find my voice, nurtured my leadership, and taught me to believe in myself. My Message to Future Dentists, You've chosen an institution that transforms passion into purpose. At CDSH, you're not just trained to be a dentist—you're shaped into a leader, a thinker, and a compassionate professional. Make the most of every moment. You're in the right place to build an extraordinary future. Wishing you strength and success, A Proud CDSH Alumna

**Dr. Jayesh Billore**  
BDS Batch : 2005–2006

I take immense pride in being an alumnus of the College of Dental Science & Hospital, Rau, Indore (BDS Batch 2005). My journey in dentistry truly began within the walls of this institution, where a strong academic framework, rich clinical exposure, and a culture of discipline laid the foundation for my professional growth. The faculty members were not just teachers, but mentors who instilled in us the values of ethical practice, lifelong learning, and professional integrity. The environment encouraged curiosity, research, and confidence—qualities that enabled me to pursue higher education and evolve continuously in my career. Today, as a Professor in the Department of Conservative Dentistry & Endodontics at the same institution, I often reflect on my undergraduate days with a deep sense of gratitude. Over the years, the college has progressed remarkably—academically, technologically, and in its vision—playing a pivotal role in shaping the careers of countless dental professionals. I firmly believe that the values and fundamentals imparted here continue to form the backbone of not only my success, but that of many alumni across the globe. To the future students of this esteemed institution, my message is simple yet profound: embrace change, stay sincere in your learning, respect your mentors, and build strong fundamentals. Dentistry is evolving rapidly, and this college now offers upgraded infrastructure, advanced equipment, and a healthy academic ecosystem to prepare you for the future of the profession. What you make of these opportunities will define your journey. I remain deeply grateful to my alma mater for being an integral part of my story—and I look forward to witnessing how the next generation of students carries this legacy forward while shaping the future of dentistry.

**Dr. Deshna Pancholi**  
BDS Batch : 2017–2018

My journey at the College of Dental Science and Hospital, Rau, has been nothing short of transformative. From earning College Rank 2 in my first year to securing University Rank 1 in Periodontics during my final professional exam, every milestone was a reflection of the support, guidance, and learning environment I was fortunate to be a part of. Fueled by a desire to explore more, I went on to pursue my Master's abroad, scoring 315 on the GRE and receiving admission into the University of Notre Dame, USA. My time there was equally enriching—I graduated in the top 10% of my class with honors. Today, I'm proud to be working as a Strategist - Marketing & Operations at a deep tech startup in Rochester, New York, where I get to apply both my clinical knowledge and the non-clinical skills I honed at CDSH. Looking back, my time at CDSH remains one of the most memorable chapters of my life. I didn't just gain academic knowledge—I built lifelong friendships and was mentored by some of the most inspiring faculty members. They nurtured in us the ability to think critically, collaborate, communicate effectively, and solve real-world problems—skills that continue to serve me every single day. To the students who are now part of this incredible institution, I want to say: Be ready for an exciting and life-shaping journey. Step out of your comfort zone, embrace new opportunities, and stay curious. These years are going to shape not just your career, but the person you become. Learn from everyone—your professors, peers, juniors, and even the non-clinical staff. Every experience is a lesson, and every interaction is a chance to grow.

**Dr. Sai Vineel Kaja**  
BDS Batch : 2015–2016  
Operation Head Manager :  
Grand River Hospital Canada

I completed my BDS from the College of Dental Science and Hospital, Indore, and went on to pursue a Master's in Healthcare Administration & Service Management in Canada. I'm currently working as an Operations Manager at Grand River Hospital in Canada. My memories at CDSH are deeply cherished—especially the warm, well-maintained hostel environment and the ever-supportive faculty who created an atmosphere of growth and learning. The college is known for its highly qualified professors who are dedicated to nurturing each student's potential. What truly set CDSH apart was the exceptional clinical exposure. The hands-on practice under expert supervision gave me unmatched confidence and experience—something I believe very few institutions offer at such a level. I genuinely miss being a student at CDSH—it laid the foundation for everything I am today.

### **Dr. Mandeep Shilpi**

BDS Batch : 2002–2003  
MDS Batch : 2019–2020  
MPMSU-University Topper

I am proud to have completed both my BDS and MDS from the College of Dental Science and Hospital, Indore—an institution that shaped not only my career but my identity. Being the Gold Medalist and University Topper of the 2019–2022 MDS batch was a proud achievement, made possible by the unwavering support and mentorship of the faculty. Now serving as a Senior Lecturer in the Department of Orthodontics & Dentofacial Orthopaedics at CDSH, I remain deeply grateful to the heads of departments and mentors whose guidance helped bring out the best in me. To all the future aspirants Dental school is intense—but it's also incredibly rewarding. Trust the process, lean on your peers, and never forget why you chose this path. You're stepping into a profession of skill, empathy, and lifelong learning. Wear your white coat with pride—you'll learn every bit of it. Wishing you strength, success, and a fulfilling journey ahead. A Proud CDSH Dentist

### **Dr. Devshri Vaja** BDS Batch : 2017–2018

Clearing NEET MDS and earning a seat at KGMU was a proud milestone in my journey. I am a Junior Resident in Department of Paediatrics & Preventive Dentistry and Faculty of Dental Sciences, King George's Medical University, Lucknow. But, it all began at CDSH. This institution gave me not just a degree, but direction, confidence, and purpose. From the early days of pre-clinics to the thrill of my first real patient case, CDSH shaped my skills and my spirit. I'll always be grateful for the faculty who guided me, the friends who stood by me, and the experiences that made me stronger—both as a professional and a person. To all future aspirants just Work hard, stay focused, and never lose your compassion. Make the most of your time at CDSH, because it's the place where your future truly begins.

### **Dr. Samkit Jain**

BDS Batch : 2016–2017  
Manager – Medical Services,  
Niagara Health, Canada

CDSH has been more than just an academic institution for me—it's been a place of growth, mentorship, and lifelong friendships. During my internship, under the mentorship of my teachers, I had the opportunity to publish my first scientific literature in Oral and Maxillofacial Surgery, which marked the beginning of my journey into research. I was also honored to receive the Best Scientific Paper Presentation Award at Famdent Mumbai, 2023. The clinical training across departments specially Oral Surgery Department remains a highlight of my undergraduate years. Under the guidance of Dr. Rashmi Saikhedkar Ma'am and Dr. Amit Nirwan Sir, I was able to strengthen my surgical foundation and my research work which led to publications and meaningful collaborations with peers for which I am truly grateful. After graduating from CDSH, I moved to Canada to pursue a postgraduate program in Healthcare Management. Today, I serve as the Manager of Medical Services at Niagara Health, one of Ontario's leading healthcare systems. My role involves overseeing healthcare operations, managing multidisciplinary teams, and driving service improvements across multiple hospital sites. To Future CDS Hians Stay curious, stay passionate. Dentistry is more than a degree—it's a lifelong journey of learning, healing, and service. Whether you find your calling in clinical dentistry or explore broader horizons like healthcare systems and research, never stop evolving. Embrace every opportunity, lean into challenges, and trust the foundation CDSH builds for you. For me, CDSH will always be home.

### **Dr. Pradeepta Kaushal**

BDS Batch : 2008–2009  
MDS Batch : 2015–2016

CDSH has been the foundation of my journey, shaping me both academically and professionally. I've been fortunate and grateful to receive several accolades, including the "Academic Excellence Award 2020" by InSc, "The Real Super Woman 2020" by Forever Star India Awards, "Bharat Gaurav Puruskar 2021," and recognition from ICMR-NIE and Lions Club International for consistent contributions to dental education and public service. I've also had the privilege of presenting at national and international conferences and serving as a reviewer for scientific journals. Currently, I serve as an Associate Professor at CDSH, sharing clinical and academic expertise while guiding the next generation of dental professionals. As a private practitioner, I've successfully treated over 3,000 patients with aligners for smile makeovers. Some of my fondest memories stem from my student days here—morning lectures, the warmth of our canteen chats, the joy of cultural fests, and the peaceful campus that always felt like a retreat. All new aspirants You're entering an institution that not only imparts knowledge but also shapes character. With its dedicated faculty, clinical exposure, and supportive

### **Dr. Namit Zelawat**

**BDS Batch : 2017–2018**

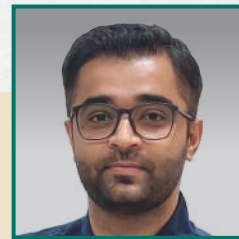

Junior Resident  
MPMSU-University Rank 4  
NEET MDS AIR 6

The five years I spent at the College of Dental Science and Hospital, Indore were truly the best years of my life—not just as a student, but as a person. It was here that I found direction, discipline, and the drive to aim higher. The environment, faculty, and clinical exposure at CDSH played a huge role in helping me secure University Rank 4 and All India Rank 6 in NEET MDS. I'm currently working as a Junior Resident at the Faculty of Dental Sciences, Banaras Hindu University (BHU)—a journey that began with the strong foundation laid at CDSH. Message to future students and dentists: Don't worry—you're already at the right place. Just work hard, stay consistent, and trust in the process. With faith in yourself and in God, you'll be able to achieve everything you've ever dreamed of.

### **Dr. Pranay Yajurvedi**

**BDS Batch : 2007–2008**

I had the privilege of beginning my dental journey at the College of Dental Science and Hospital, Rau, where strong clinical exposure and experienced faculty laid the foundation for my career in oral surgery. The environment was always supportive and focused on growth. The hands-on training I received during my undergraduate years allowed me to handle patients with confidence even early in my career. I consider myself fortunate to have had such opportunities at the UG level, which continue to reflect in my clinical practice today. I was honored to be the first fellow in Oral Oncology and Reconstruction from Madhya Pradesh, awarded by the Association of Oral and Maxillofacial Surgeons of India (AOMSI). I currently serve as the Unit Head, Dept. of Head and Neck Surgery at Anuyog and Gynodaya Multi-Specialty Hospitals, Mandsaur & Neemuch (M.P.), where we are actively running dedicated oral cancer surgery units for the region. I am also working as a Reader in Department of OMFS, Pacific Dental College & Hospital, Udaipur, Rajasthan. Message to Future CDSHians: Stay dedicated, work hard, and always remember—society will always need skilled, sincere, and compassionate doctors. Let your time at CDSH shape you into one.

### **Dr. Kabir Jaiswal**

**BDS Batch : 2018–2019**

NEET MDS AIR 245  
State Rank 5 (MP)

I was a PG Resident for Oral & Maxillofacial Surgery At the College of Dental Science and Hospital, Indore. My journey as a dental student was defined by transformative learning, clinical excellence, and unwavering support from mentors. It was here that I found the right environment to grow—not just academically, but also as a future clinician. From treating diverse cases in well-equipped clinics to learning under the guidance of experienced and supportive faculty, every aspect of my undergraduate education played a key role in helping me secure AIR 245 in NEET MDS and State Rank 5 in Madhya Pradesh. The state-of-the-art infrastructure, including advanced dental labs, modern imaging systems, and a resource-rich library, ensured that I had everything I needed to build a solid foundation. I'm now proud to be pursuing my Postgraduation in Oral and Maxillofacial Surgery, a path made possible by the strength of the education I received at CDSH. Message to future students: Choosing CDSH will not only shape you into a confident and competent clinician but also gift you some of the best memories of your life.

### **Dr. Ameesha Masand**

**BDS Batch : 2018–2019**

MPMSU-University Topper

I am Currently pursuing MS Health Informatics at Yale University. I am Recipient of multiple honors including highest aggregate grade in MP University (2019, 2022), city-wide (2020), and state-wide (2021), my journey at CDSH has been deeply formative. From early morning lectures to late-night study sessions, treating our first patients to celebrating small wins with friends—every moment has left a mark on my heart. The unwavering support of our faculty not only guided my academic path but also helped shape my personal growth. My advice to all the future aspirants is that embrace every challenge with passion and curiosity. At CDSH, you're not just earning a degree—you're building the foundation of a meaningful, lifelong journey.

**Dr. Abhinav Pachoriya**  
MDS Batch : 2021–2022  
MPMSU-University Topper

was a part of the 2021 batch at CDSH, and those three years turned out to be the best phase of both my academic and personal life. Securing University Rank 1 in Orthodontics and Dentofacial Orthopaedics under MPMSU was a proud achievement one that was made possible because of the constant guidance, clinical exposure, and unwavering support from the faculty at CDSH. Today, I'm working as a consultant, and I carry forward everything I learned here with pride and gratitude, to future students : Don't worry you're already in the right place. Just work hard, stay consistent, and trust the process (and God). Everything you dream of is absolutely within reach.

**Dr. Lavanshi Mishra**  
MDS Batch : 2021–2022  
MPMSU-University Topper

Being the MPMSU University Topper in Conservative Dentistry and Endodontics was a milestone made possible only through the guidance and support I received here. Proud to be a part of the College of Dental Science and Hospital, Rau, Indore—an institution that offers robust infrastructure, exceptional clinical exposure, and a faculty team that truly mentors you every step of the way. Securing the top position in MPMSU during my MDS was only possible because of the strong foundation laid here. To all NEET aspirants if you're looking for quality education, expert guidance, and a future filled with possibilities, CDSH is the place to be.

**Dr. Tina Mittal**  
BDS Batch : 2019–2020  
MPMSU-University Topper

Securing University Rank 4 and standing as College Topper in the final year has been one of the proudest milestones of my journey at the College of Dental Science and Hospital, Rau, Indore. My years here were a perfect blend of academic excellence, hands-on clinical exposure, and personal growth. The unwavering support and guidance from the esteemed faculty played a vital role in building both my knowledge and confidence. CDSH not only refined my clinical skills but also shaped my values and character—giving me the tools to step confidently into the dental profession. To future aspirants—embrace every moment, trust your journey, and make the most of everything this incredible institution has to offer. Wishing you all a bright, successful, and fulfilling future in dentistry!

**Nandigama Raveendrachary**  
BDS Batch : 2020–2021  
MPMSU-University Topper :  
3rd Rank

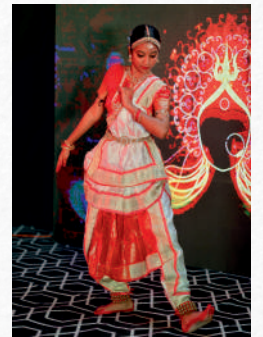

I am Raveendra, proud to share that I secured First Rank in my batch and Third Rank in MPMSU in the BDS final year examinations in the year 2025. This achievement wouldn't have been possible without the exceptional guidance, constant support, and immense dedication of the faculty at College of Dental Science and Hospital (CDSH), Indore. The college provides an ideal environment for academic excellence, clinical exposure, and personal growth. The faculty here are not only highly knowledgeable but also genuinely caring and approachable, always encouraging us to go the extra mile. If you aspire to become a passionate, skilled, and distinctive dentist, CDSH Indore is undoubtedly the best place to begin your journey. Thank you, CDSH, for shaping my future!

# OUR PROUD MOMENT

Mr. Shreejeet Jhaver, the Director of the College of Dental Science and Hospital, Rau, Indore, has been honored with the prestigious title of "Pride of Madhya Pradesh 2023." The esteemed recognition, presented by Chief Minister Mr. Shivraj Singh Chouhan, commends Mr. Jhaver's relentless hard work, determination, and unwavering dedication. On May 30th, 2023, Mr. Ajit Jhaver, Chairman of the College, accepted the award on behalf of Mr. Shreejeet Jhaver from the Chief Minister, underscoring the exceptional contributions made by Mr. Jhaver to the field. His remarkable dedication and perseverance serve as an inspiration to the new generation and society as a whole. The College of Dental Science and Hospital, Rau, Indore, takes great pride in Mr. Shreejeet Jhaver's achievement, highlighting his outstanding leadership and tireless efforts. This recognition further solidifies the institution's position as a leading provider of dental education and healthcare services in Madhya Pradesh.

# कॉलेज ऑफ डेंटल साइंस एंड हॉस्पिटल राऊ एवं मेडिकेप्स का विलय

इंदौर। विद्यार्थियों को शिक्षा के क्षेत्र में फायदा पहुंचाने के लिए दो शिक्षण संस्थाओं ने एक एमओयू साइन किया है। इस एमओयू से विद्यार्थियों को शिक्षा के क्षेत्र में फायदा मिलेगा। कॉलेज ऑफ डेंटल साइंस एंड हॉस्पिटल राऊ डॉ. अमित निर्वाण एवं मेडिकेप्स विश्वविद्यालय राऊ इन्दौर डॉ. नवीन डिंगरा ने संस्था प्रतिनिधियों के रूप में उपस्थित होकर इस एमओयू पर हस्ताक्षर किए। दोनों संस्था के विलय होने से महाविद्यालयों के मध्य शिक्षा अकादमिक अनुसंधान संबंधी गतिविधियों के विकास में पारस्परिक रूचि और बेहतर सहयोग करने पर एवं शिक्षण अनुसंधान और सामुदायिक सेवाओं में क्षमता और उत्कृष्टता बनाने एवं एक-दूसरे को सहयोग से आपस में कार्य करने की सहमती भी बनी। दोनों ही प्रतिनिधियों ने कहा कि यह एमओयू शिक्षा को प्रोत्साहित करने की एक ऐसी साझेदारी है जो शिक्षण क्षेत्र में विद्यार्थियों को नए मुकाम तक पहुंचाने में अग्रसर साबित होगी।

## DR MAYEKAR COUNSELS DENTAL STUDENTS

IP CORRESPONDENT • INDIA

College of Dental Science & Hospital, Raun, Indore, recently hosted Dr. Nandesh Mayekar, a renowned dentist, and one of the founding members of Esthetic and Cosmetic Dentistry in India.

In the CDFI program held recently at the state of art College Auditorium, he mentioned a program on Career-Counseling for the budding dentists.

Addressing students he emphasized the importance of dentistry for the physical, social and emotional well-being of the general population and why dentistry remains till date a very good career prospect.

Dr. Mayekar motivated the students to develop an astute interest in the various disciplines of dentistry and also asserted the impor-

tance of clinical correlation of the knowledge they received.

He underscored the importance of dentistry as a super specialty of medical science with immense opportunities as the entire population needs the aid of a dentist to maintain oral health which is an integral part of general health maintenance. He stressed that it is important for a dentist to create awareness among the general public regarding the importance of oral health, the importance of prevention of tooth diseases and how oral health maintenance practices should be inculcated from the primary school level to ensure a healthy population.
